400XTi Overview

Transformationally remanufactured with Williams International FJ44-3AP engines and advanced Rockwell Collins Pro Line 21 avionics, along with an exceptionally re-designed, flat floor passenger cabin, the 400XTi delivers outstanding performance / capability, efficiency, and value.

- Direct Climb to Altitude (FL450)
- 1,955nm (3,621km) 4-Passenger Range
- Outstanding Hot / High Performance
- High Cruise Speed (447 kts / 514 mph)
- Flat Floor / Tall Oval Cabin Comfort
- Super-Efficient – Low Operating Cost

Recognized as an outstanding corporate and personal transport aircraft, 400XTi Passengers enjoy the ability to unbuckle and relax shortly after take-off, at the highest, smoothest, most fuel-efficient altitudes (above the traffic and weather), while speeding toward their destination, in the industry's most comfortable, light-jet, passenger cabin.

N217EC Overview

Remanufactured by Nextant in 2017, N217EC is an exceptional, low time 400XTi that was remanufactured in a hand crafted process that took over 6 months to complete and features the latest Nextant refinements and enhancements.

- Late model (2017) Nextant Build
 - Incorporates the latest Nextant enhancements and refinements
- Low Aircraft Total Time
- Super Low Time Since Remanufacture
- Excellent Ownership Pedigree

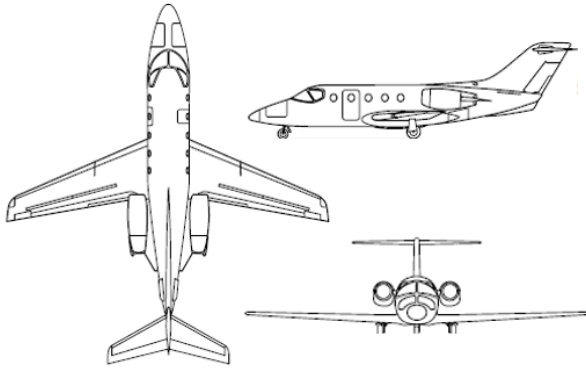

N217EC has been owned and Part 91 operated by the same company for over 11 years, during which time it has been impeccably maintained and hangered.

CAMP Status Report available upon request

Airframe

Nextant Aerospace Unit #.....62
Nextant Remanufactured.....2017
Original Aircraft Model.....Hawker 400XP
Originally Manufactured.....2003
Aircraft Serial Number.....RK-356
Aircraft Registration.....N217EC
Airframe Total Time.....3,917.2
Airframe Total Landings.....3,695

Engines

Engine Manufacturer.....Williams International
Engine Model.....FJ44-3AP
Engine TBO.....4,000

Engine #1 S/N.....252825
Engine #1 Total Time.....471.83
Engine #1 Cycles.....523
Engine #2 S/N.....252826
Engine #2 Total Time.....473.87
Engine #2 Cycles.....531

Passenger Cabin and Exterior Paint

2017 Nextant XTi Passenger Cabin Completion by Nextant Aerospace
2017 Artisan Exterior Paint by Sturgis Aviation

Additional Notes and Features

3,050 pounds of thrust / side	XTi "Shark-fin" Winglets
Low 137 gal / hr fuel consumption	LED External Lighting
Bleed Air System Improvement	Dual Zone Air Conditioning
High Efficiency Lead Acid Battery	Passenger Briefing System
External Aft Baggage Compartment	Collins Avionics Protection Plan

Verification of specification is the sole responsibility of Purchaser.
Aircraft subject to prior sale and/or removal from the market.
Information current as of 11/29/2018.

Avionic Features

Collins Aerospace Advanced Pro Line 21™ Integrated Avionics

N217EC features Collins Aerospace Pro Line 21™ large format, LCD, Adaptive Flight Displays that depict more flight and system information to significantly improve flight crew capability / efficiency, situational awareness, and safety.

Situational awareness and safety are improved with Synthetic Vision that “sees-through” inclement weather by creating a clear digital representation of the immediate flying environment, while the aircraft’s real-time position is depicted on Geo-referenced Electronic Charts, and Enhanced Maps are provided to keep the flight crew aware of terminal airspace, airways, geopolitical boundaries, rivers, lakes, and coastlines.

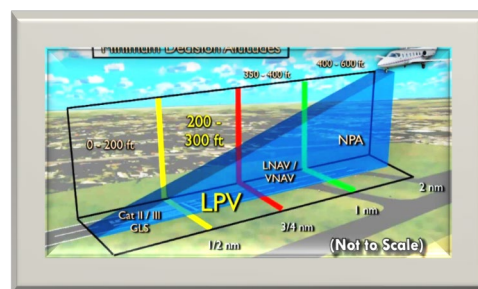

N217EC also includes ADS-B and Nextant’s LED Glareshield, along with an upgraded feature-rich Flight Management System with WAAS / LPV precision navigation that provides better access to airports and increases fuel savings.

N217EC Nextant #62 RK-356

Avionic Equipment Details

N217EC's Advanced Pro Line 21™ Flight Deck includes -

- Four 8x10" high resolution Active Matrix LCD Flight Displays featuring
 - 3-Display Dispatchability and the same PN for operational flexibility
- Synthetic Vision System for optimum situational awareness
- SiriusXM real-time satellite weather display and updates
- Single IFIS File Server for electronic charts & enhanced maps
- Dual WAAS / LPV Precision Navigation and approach capability
- Dual AHRS-3000S Attitude Heading Reference System
- Electronic Engine Indication with out-of-limit alerts

- Terrain Awareness and Warning System (TAWS A mode 5)
- Traffic Collision Avoidance System (TCAS-II)
- Collins DBU-5000, USB data loader
- 3-in-1 Integrated Standby Attitude Module
- LED Overhead, Master Warning / Master Caution Panel
- Nextant LED (dark cockpit) Glareshield System
- Automatic Dependent Surveillance-Broadcast (ADS-B) compliance
- Powered Bose "6 pin LEMO" connections for pilot communication headsets
- Avionics coverage by Collins Avionics Protection Plan

N217EC Nextant #62 RK-356

Passenger Cabin Features

Recognized as the most spacious and comfortable in its class, N217EC's features Nextant XTi Bespoke Passenger Cabin with seating for seven (7), plus a belted potty seat in the aft lav for a total of eight (8) passengers.

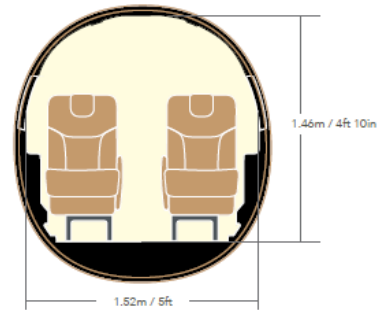

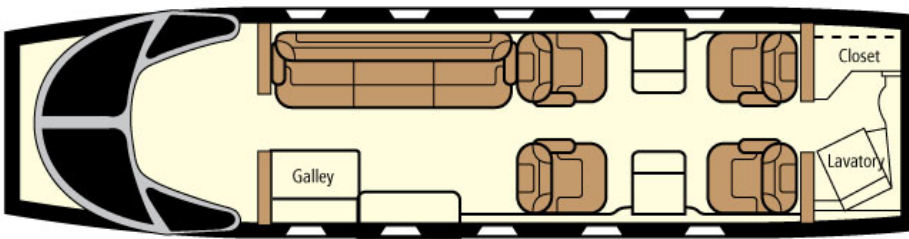

The aircraft's re-designed composite shell, flat floor and tall oval cross-section reward its passengers with more personal space and the most leg-room of any light jet, while its oversized windows flood the cabin with natural light.

Passengers will appreciate the cabin's Customized Galley Cabinet, that provides space for storage and refreshments, sculptured arm ledges with oversized executive tables, LED wash lighting and full aft lav that make even the longest flight a delight.

N217EC Nextant #62 RK-356

Passenger Cabin Details

N217EC features Nextant Bespoke Passenger Cabin that has been redesigned to reward its passengers with an Exceptional Flight Experience

- Best of class Tall Oval / Flat Floor cross-section
- Acoustic-dampening Shell increases volume while reducing noise
- Extended (32") Legroom 4-place VIP Club delivers large jet comfort
- Oversized Executive Tables
- Unique 3-place Divan creates seating and storage flexibility
- Increased volume Full-width Aft Lav with Internal Storage
- Two Zone Climate Control and LED Lighting reduce fatigue

With more personal space, fully articulating chairs, oversized tables, a well-stocked galley, two-zone climate control, LED Lighting, and Airshow 500, N217EC provides its passengers with the ideal environment to relax, work, or celebrate, while flying toward their next destination.

N217EC Nextant #62 RK-356

Additional Passenger Cabin Features

N217EC's seating surfaces are upholstered in a beautiful Athens Sand Drift leather with hand-stitched highlights, accented with Giverny Haystack lower sidewalls, China white window panels, and Saturn with Silk carpeting. While the aircraft custom cabinetry features Quarter Fig Walnut veneer and Champagne Gold plating throughout.

Passengers will appreciate the aircraft's premium N2 Aero Acoustic Cabin Noise Reduction that delivers class-leading, ultra-quiet noise levels.

Continuous aircraft location and time-to-destination are displayed on a cabin mounted monitor and two portable iPads via a Collins Aerospace Airshow 500 system.

Passenger controlled features include cabin climate control, individual pleated window shades, LED reading and dimmable wash lighting, universal 110vac, and USB power outlets.

The Three Place Divan provides additional seating and is designed to supplement the aircraft's RH Forward Chair to form a sleeping berth.
